

For Immediate Release

Infinity Data Solutions enters into partnership with Echo-Tape LLC and Capital Media Group

Omaha, NE - October 1, 2008 - Infinity Data Solutions an Omaha, NE based leading provider of sensitive data eradication services and 100% certified media has reached an agreement to become the exclusive provider of certified media for Echo-Tape LLC. Echo-Tape is a Columbus, OH based provider of certified media products and services including secure data eradication. Echo-Tape is also a supplier of it's products and services to the reseller channel through an exclusive certified media relationship with Capital Media Group. Capital Media is a major Ohio based wholesaler of media products to resellers throughout North America.

According to Scott Taylor, of Echo-Tape LLC, "We completed an exhaustive search of the certified media market for a single source provider that could meet the stringent standards that our customers require. Infinity Data Solutions was the only manufacturer that met and even exceeded our expectations. We are very excited about the potential to offer data centers a thoroughly tested product that works better than new and provide Capital Media's customers with a highly profitable alternative to new media. Infinity Data also provides us with a safe and secure data eradication solution that exceeds anything out there in the market."
